BANDIDOS MC - REGENSBURG

"Ziemlich böse Freunde - Wie wir die Bandidos in Deutschland gründeten"

Zwei hochrangige Bandidos-Rocker berichten aus erster Hand

Vorsicht Bestseller-Gefahr!

Lesen bildet und hier berichten keine Aussteiger oder minderqualifizierten Undercover-Agenten, sondern keine geringeren als die beiden immer noch aktiven Bandidos-Rocker, die maßgeblich an der Gründung des Bandidos MC in Deutschland „schuldig“ sind.

Ab sofort ist die Bestellung dieses authentischen Szenebuchs möglich! Es muß mit einem schnellen Ausverkauf der ersten Auflage gerechnet werden – nicht, weil Rockerliteratur Mode wurde, sondern weil in diesem Fall keine selbsternannten Experten ihr Zivilversager-Dasein kaschieren; nein hier schreiben Akteure aus dem Epizentrum der „Champions League“ der Rockerwelt.

Advanced PC users may be able to update Windows Unknown drivers manually by searching for the correct version at the [Microsoft Driver Center](#) ensuring that it matches the device type and exact model, downloading and installing it. However, this process takes time and carries the risk of getting an incorrect driver version or downloading an unofficial driver, which may be bundled with spyware or viruses. Because of these risks, novice users are recommended to use Driver Updater, a special software that checks for outdated or missing drivers, downloads the latest official versions released by the device manufacturer and automatically updates the drivers without requiring the user to make any complicated decisions.
