

CARIBBEAN REGIONAL TM CLASS

ZOOM | 22/09/2020

CARIFORUM

EU-CARIFORUM Regional project, funded by the European Union and implemented by the European Union Intellectual Property Office (EUIPO)

www.caripi-hub.com

CLASSIFICATION DATABASE (A06)

ACTIVITY 6, AWP1

- **EXPECTED RESULT** - publicly available database of accepted (validated) terms of goods and services for the purposes of TM registrations in the different CARIFORUM States.

Languages: EN, ES, FR, NL

Based on the terms most widely used in the world, the database can include specific terms common to all CARIFORUM states, and/or country specific terms if so desired

3 WORK STREAMS IN PARALLEL

1. Identification and documentation of the terms/nomenclature of G&S accepted by each of the CARIFORUM States' IP Offices
2. Make the terms of G&S accepted by each of the CARIFORUM States' IP Offices available publicly on-line for the benefit of potential trade mark applicants and TM examiners (TMClass and regional CF interface)
3. Explore options for a harmonized list of region-specific terms accepted by most or all CARIFORUM IPOs (then update national lists)

WS 1 – IDENTIFICATION AND DOCUMENTATION

1. Identification and documentation of the terms/nomenclature of G&S accepted by each of the CARIFORUM States' IP Offices

Alternative:

HDB updated
every month

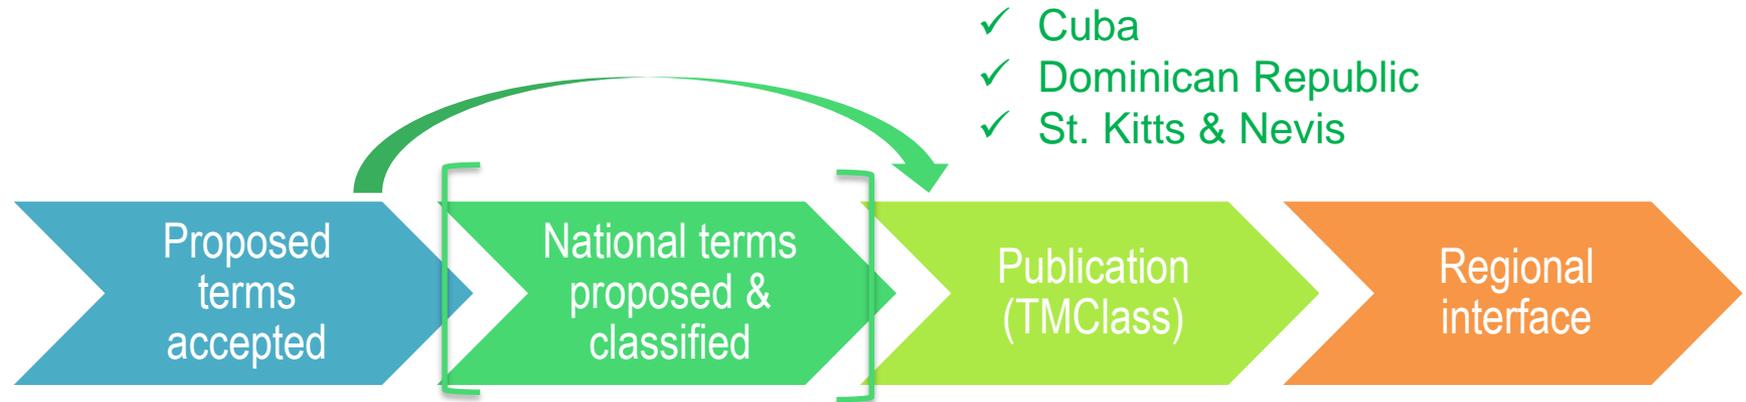

Full HDB (ca. 60,000 concepts, plus 25,000 synonyms) → Dom.Rep

Update by CS
IPOs

CarIPI proposed a list of terms: MGS = HDB – ca. 26,000 → IPOSKN,
Suriname

WS 2 – PUBLICATION OF TERMS

2. Make the terms of G&S accepted by each of the CARIFORUM States' IP Offices **available publicly on-line** for the benefit of potential trade mark applicants and TM examiners (TMClass → then regional CF interface)

3. Explore possibilities for a **harmonized list of region-specific terms** accepted by most or all CARIFORUM IPOs
 - CarlPI will share any country-specific terms received with a view to see if CS can converge towards a regional list (containing specific terms acceptable by all or most CF IPOs)
 - Adoption of output by the sub-PSC

No country-specific terms received so far

Welcome to TMclass

TMclass helps you to search for and classify Goods and Services (terms) needed to apply for trade mark protection. You can also translate a list of Goods and Services and verify if those terms appear in the classification databases of the Participating Offices highlighted below.

TM CLASS INTERFACE EXAMPLE

The screenshot shows the TM5 ID List Search tool interface. At the top, there is a navigation bar with the URL 'tmclass.tmdn.org/ec2/tm5' and a language dropdown set to 'English (en)'. Below the navigation bar, the page title 'TM5 ID List by TM5' is displayed, along with logos for the participating trademark offices: JPO, KIPO, EUIPO, SAIC, and USPTO. A search bar is present with the following fields: 'Language' (English (en)), 'Search term' (Search term (E.g. Milk)), and 'Nice Class' (1-45). A 'Search' button is located to the right of these fields. Below the search bar, there is a section titled 'Links to trade mark offices' which includes a world map and a list of TM5 offices (CNIPA, KIPO, EUIPO, USPTO, JPO) and other offices (CIPO, IMPI, IPOS, INAPI, IPOPHL, CL, PH, SIC, ROSPATENT, CO, RU). The USPTO office is highlighted. To the right of the map, there is a 'News' section with a 'Read all news...' link and an 'Other links' section with a 'TM5' logo and the text 'The five Trademark offices'.

TM5 ID LIST Search tool

Welcome page

An application for registration of a trademark must include details of the goods or services for which the trademark is intended to be used. Whilst you can create your own descriptions of goods and services, this risks an IP office finding them unacceptable, which may cause delay to the processing of the application and the granting of the registration.

This search tool contains a list of descriptions and their classifications that are pre-approved by all TM5 partners, and which if used, are assured of being accepted by all TM5 partner offices.

PROCESS AND BENEFITS

CS IPOs join TMClass

Go-live in TMClass

Creation of Regional TMClass interface

Go-live of regional interface

+ Regional
Portal

BENEFITS:

- **Global TMclass integration:** users looking to register TM in ca 80 IPOs can look for terms accepted by these offices
- **Regional TMclass interface:** a user filing application in several countries in the region, has the certainty that the terms will be accepted in all of them if he/she used goods and services from the database.

SUSTAINABILITY AND MAINTENANCE

TMClass:

- EUIPO: all techn. maintenance and updates done by EUIPO
- Each IPO: can update content (access and training provided)

Regional TM Class interface – additional considerations:

- Domain
- Hosting (cloud options)
- Technical (IT) issues related to regional interface (html) e.g. layout

THANK YOU
GRACIAS
