CARIBBEAN TM CLASS

- A publicly available database of accepted (validated) terms of goods and services for the purposes of TM registrations in the different CARIFORUM States.

Languages: EN, ES, FR, NL

- *Based on Nice and international databases such as HDB and MGS, the database can in addition include specific terms common to all CARIFORUM states, and/or country specific terms if so desired*

3 WORK STREAMS IN PARALLEL

1. Identification and documentation of the terms/nomenclature of G&S accepted by each of the CARIFORUM States' IP Offices
2. Make the terms of G&S accepted by each of the CARIFORUM States' IP Offices available publicly on-line for the benefit of potential trade mark applicants and TM examiners (TMClass and regional CF interface)
3. Explore options for a harmonized list of region-specific terms accepted by most or all CARIFORUM IPOs (then update national lists)

SUSTAINABILITY AND MAINTENANCE

IP TOOLS – TM Class, TM View, GI View, Design View, etc.:

- EUIPO: all maintenance and updates done by EUIPO
- Each IPO: can update content (access and training provided)

Regional interfaces – additional considerations:

- Domain
- Hosting
- Minor technical (IT) maintenance related to html site maintenance

Regional Portal – additional considerations:

- Update and enhance content after project is over

THANK YOU
GRACIAS
MERCÍ
DANK JE
